

NORTH CAROLINA CORRESPONDENCE.

Candidate for Congress Surprises His Friends by Withdrawing.

MEETING OF QUILL DRIVERS.

A Fire at Greensboro—A Lady Badly Hurt—North Carolinian Killed in China—The Mountain Boys to the Front—Negro Congressman White Will be a Good Riddance—Hunters of Outlaws—The Wilkesboro Postoffice Robberies—Shipments of Peaches—Brevities

Raleigh, N. C., Aug. 30.—Mr. Edward W. Pou, who was his principal opponent, to-day announced his withdrawal as a candidate.

COMMISSIONERS OF AGRICULTURE.

THEIR STATEMENT OF THE COTTON CROP IN 1900.

(By Telegraph to Virginian-Pilot)

Raleigh, N. C., Aug. 30.—The Cotton States' Convention of Commissioners of Agriculture, at their session this morning, issued the following as their statement as to the cotton crop of 1900:

"Based upon the reliable information from all sources from each of the cotton States and territories, taking into consideration the condition of the cotton crop, we are led to believe that the following will be the output of the crop for the season of 1900-1901:

"Alabama, 821,000 bales; Arkansas, 89,000; Florida, 30,000; Georgia, 1,025,000; Indian Territory, 210,000; Louisiana, 603,000; Mississippi, 343,000; Missouri, 30,000; North Carolina, 495,000; Oklahoma, 100,000; South Carolina, 801,000; Tennessee, 285,000; Texas, 3,300,000; Virginia, 13,000; other sources, 500, making a total of 6,233,000 bales.

"This estimate, however, is subject to the weather condition for the month of September and also killing frosts later on. This estimate is given out as being the opinion of this association."

The special report of the Committee on Fertilizer Brands, which was discussed yesterday, was further discussed this morning.

Dr. George T. Winston, president of the Agricultural and Mechanical College, of this city, made a most excellent address on the "Education of the Farmer." He spoke of the great improvements made in agriculture since 1860. It showed that the farmers of this State are making intelligent and systematic progress. Dr. Winston spoke in a most happy vein and delighted his hearers, at the same time imparting much valuable information.

At the conclusion of Dr. Winston's address, Prof. J. F. Dugger, of Alabama, discussed in a most excellent manner "Leguminous Crops for Fodder, Grazing and Soil Improvements, and How to Grow Them."

The association was much impressed with the accounts of various experiments which he recited and which, if followed, will result to much pecuniary benefit to the agricultural classes.

Upon motion of Mr. Royal Daniel, secretary of the association, the newspaper representatives of the city were extended the courtesies of the floor, and thanks were returned for the reports published of the session of the association.

The afternoon session was taken up with a lecture by Professor W. F. Massey, on "Grasses for Fodder," and a lecture by Professor von Herman, of the weather bureau at Raleigh, on "The Weather."

The original question as to the adoption of the Fertilizer Committee's report took up some discussion, but the report was finally adopted as written. This report provides that the fertilizer manufacturers shall disclose to the commissioners the source of all the plant foods in their product.

The paper on "How Do Farmers Buy Fertilizers," by Professor McCandless, of Georgia, has aroused more interest than any paper yet read. Speaking of the means for educating the Southern farmers, he said that the sending of the money to "teach heathen Chinese how to butcher Americans, should cease," and the money should be given to education. He denominated such any paper as "wicked." He also urged the passage of a law devoting the educational tax paid by whites to the education of whites, and that by negroes to the education of negroes.

His remarks were vociferously cheered, and his paper was adopted and ordered to be spread upon the records of the meeting.

FIRE AT GREENSBORO.

A special from Greensboro says: "Fire broke out about 12 o'clock today in the basement of the Richardson wholesale drug house, and for about an hour it gave promise to be a big conflagration. The fire started in a barrel of varnish and in a few moments the smoke was pouring up into the upper floors of the building. Two lady employees had to be taken down a ladder, outside. One of them was struck by a ladder and badly hurt.

After a long and hard fight the department succeeded in swamping the flames. At first the water had no effect on the burning oil. The damage on stock amounts to between \$5,000 and \$10,000.

The building was only slightly damaged. Considerable attention was felt for the Odell Hardware Company's store which adjoins the burned building.

KILLED IN CHINA.

Another Raleigh boy has sacrificed his life in defense of the flag in foreign lands. His name is Wyatt G. Hicks, of Company I, Fourteenth Infantry. He was killed in the recent battle at Yang Tsung, China. He was a son of Mr. Wiley Hicks, of this city, and was 16 years of age. He volunteered for service in the United States army about two years ago, and was sent to the Philippines for service, and was subsequently transferred to China for service. Those familiar with his military record say that he was a brave soldier who never flinched from any service, no matter how dangerous.

QUILL DRIVERS MEET.

The North Carolina Press Association met in annual convention at Asheville yesterday morning, and was called to order by President D. J. Whitchard, of Greenville. The roll was called by Secretary John B. Sherrill, of Concord.

President Whitchard delivered the annual address. Historian W. C. Dowd, of the Charlotte News, read the history of the year.

Essays were presented as follows: "The Ideal Newspaper and How to Conduct It," by Joseph P. Caldwell, of the Charlotte Observer; "The Press and the Pulpit Co-Laborers," by Rev. Dr. T. N. Ivey, of the Raleigh Christian Advocate; "The Press and Its Duty to Itself," by W. S. Pearson, of the Morganton Herald.

The annual address was delivered by Edward J. Hale, of the Fayetteville Observer, and James A. Robinson, of the Durham Sun, read the annual poem, while Rev. John C. Troy, of Jonesboro, read an essay on "From What Comes the Editor's Power?"

THE MOUNTAIN BOYS.

W. P. Perkins, of Ashe county, is appointed to a scholarship in the Peabody Normal College. It is strange, but true, that nearly every scholarship in this State is to persons in the mountain counties. It appears that these make a specialty of studying for them.

A GOOD RIDDANCE.

The white Republicans here say they are heartily glad that Congressman George H. White will leave North Carolina; that there is no room here for him, and that instead of settling in New York to practice law, he ought to settle in Washington, which they term a "negro paradise."

AN OUTLAW HUNTER.

A special from Marion says: "Sheriff Taylor Phillips, of Bakersville, was here yesterday. He has arrested several desperadoes in the past few months. He informed me that seven murderers were at present in Bakersville jail, and he felt sure that Mitchell would have three hangings in a short time. I asked if he were not in danger of losing his life while hunting for wild men on Big Creek. He replied: 'I expect at any moment for my life to be shot out when I am on the track of the outlaws, yet I am fool enough to hunt them as a hound would a fox.'

THE WILKESBORO ROBBERY.

The postoffices at Wilkesboro and North Wilkesboro were broken open and robbed last night. At the first place the robbers secured \$75 in money, several registered letters and a lot of stamps. The safe was blown open with dynamite at North Wilkesboro and about \$150 in cash, registered letters and a lot of stamps were secured. There is no clew to the guilty parties. Several show people, who were in Wilkesboro, were arrested and searched this morning, but the officers failed to find anything to indicate guilt, and the parties were released.

BRIEF MENTION.

The Van Lindley orchard, at Southern Pines, has shipped North this season 6,000 crates of peaches, besides making large sales in North Carolina. Fifty acres of trees will begin bearing next year.

Charlotte is to have a \$300,000 brewery, the largest in the South. It is asserted. The Wilhelm Griesser Company will build it and has bought the site. A large ice-making plant will be a feature. It is said that in the end local consumers will own the brewery.

The eleventh annual negro fair is in progress at New Bern this week.

The State amends the charter of the Morrow Bros. & Heath Company so as to allow it to build and operate a cotton mill in Stanly county, with an authorized capital of \$100,000.

President Charles McNamee, of the State Agricultural Society, will sail next Saturday for Europe, but will return a week before the State Fair here in October.

There now appears to be no doubt

ROCKY MOUNT.

PAINFULLY INJURED—FOREST FIRES IN EDECOMBE.

Rocky Mount, N. C., Aug. 30.—A bad accident happened to W. B. Howerton, of this place, while in Franklin county a few days ago. Mr. Howerton was driving a double team when they became unmanageable and ran away. He was thrown from the vehicle and in the fall had his leg broken near the ankle, the bone protruding through the skin. He has since been brought home and is now under the treatment of Dr. Forest.

Forest fires are still burning at points in Edcombe county, several miles below this place. The very dry weather has made it difficult to check them, although the rains of a week ago did much in preventing still greater damage.

Messrs. J. L. Diggs and J. W. Matthews have returned from a pleasant trip to the Eastern Shore of Virginia and to Norfolk and Newport News.

NEW JAMES RIVER LINE.

The handsome steamer Dumont leaves Jones & Co's wharf MONDAY, WEDNESDAY and FRIDAY at 8 a. m., for Richmond, Va., touching at New River, and James River Landings. To avoid early rising first-class staterooms can be secured the evening before. First-class tickets \$1.00; second-class, 50 cents; round trip, \$1.50.

J. E. DEBY Agent.
